

USE THE FORCE!

English

We will be looking at a variety of English skills. We will focus on Fables, writing descriptive poetry as well as writing a Newspaper Report and Narrative based on our class book, The Iron Man.

Geography

This term the children will be deepening their understanding of the weather and temperature (including climates). They will look at how the water cycle works, as well as being introduced to the Water Cycle.

Science

Class science this term will be "Good Vibrations" in which they will discover sounds and the ways in which sounds are made, linking to our musical instruments unit. We will also be investigating the forces of magnets and how they are used.

DT

This term we will be designing, sketching, building and evaluating a musical instrument.

Maths

We will look at Multiplication, Length, Perimeter and Fractions.

French

This term the children will focus on Colours, Clothing and Numbers.

R.E

This term we will ask and discuss the questions: What does it mean to be a Hindu in Britain today? And Why do Christians call the day Jesus died 'Good Friday'.

P.E

This term we will be focussed on improving our basic striking and fielding skills, The children will also be learning Hockey and Gymnastics skills through the term.

Computing

The children will be improving their digital literacy by becoming online detectives and deepening their IT skills by becoming 'Digitally Awesome'.

Music

The children will be learning the Ukelele this term with a weekly music lesson.

PSHE

We will be learning about staying safe and rights and responsibilities.

Reading

Our books this term will feature, Iron Man (Ted Hughes) and Cogheart (Peter Bunzl)

Art

We will be learning about Collage, Symmetry, and the paintings of LS Lowry.
