

### Connected Curriculum

To link with our science work on the solar system, in the connected curriculum this term, children will be learning about the ancient Sumerian civilisation, who developed the use of 60 minutes as a unit of time and the impact they had on the world with inventions and technologies.

### Science

In Science this term, children will be learning about the earth and other planets, understanding how day and night are formed and describing the movement of the moon. They will also investigate light and shadows.

### English

In English, children will continue to develop their sentence writing skills using a text based on space and they will be writing formal letters, understanding the skills needed to write appropriately in a formal style. They will continue to practise handwriting and read together as a whole class to develop reading skills.

Children will learn about the values of creativity and forgiveness this term, also considering answers to the question "What does it mean if God is holy and loving?"

# Class 4

## Spring Term

# In a galaxy far far away ...

### Maths

In Maths, children will cover a range of topics including fractions, ratio, area, decimals and percentages, area, perimeter and volume, and statistics. They will also have opportunities for careful problem solving and reasoning.

### PSHE/ Citizenship

In PSHE this term Class 4 will be thinking about keeping themselves safe, both in the real world and online.

### Design Technology/Art

The children will be using a variety of media this term, to create their own imaginative alien. The children will also be creating a drawing of a planet and creating an environment for the alien.

### French

In French, children will learn to have a simple conversation, read and respond to texts and find out about French culture.

### Music

In Music children will be understanding, learning and developing their skills in Jazz and pop music.

### P.E

Games this term will see the children learning and improving their skills in netball. In dance, children will be learning about different dance styles from the 50s, 60s and 70s.
